

# Baystate Academy Charter Public School

## [MA State Required Immunizations](#)

*Is your 7th or 11th grader fully immunized?*

**As we close out the year, let's make sure that all our students are up-to-date with the routine MA State Required Immunizations.**

**This link lists all the immunizations your child is required to have:**

[List of required immunizations](#)

If your child does not have an updated immunization record, please reach out to your pediatrician to make an appointment. An up-to-date record of immunizations must be provided to the school nurse by **January 10, 2022**. You may hand deliver to the front office or email to [bnurse-parrish@bacps.net](mailto:bnurse-parrish@bacps.net).

In the case that you cannot secure an appointment with your pediatrician by the above date, here are a few resources to assist you. Click on these local organizations to find your nearest location (little to no cost and most insurances are accepted):

- [CVS MinuteClinic](#)
- [MedExpress Urgent Care](#)
- [AFC Urgent Care](#)
