BACPS 12th Grade Welcome Letter

August 2019

Dear 12th Grade Parents and Families,

We hope this letter finds you and your family healthy and ready for this new academic school year. We are all extremely excited about this school year!

We are strong supporters of home-school communication. As school begins and continues throughout the year, you will receive many updates about your child's progress. Along with academic updates, there will be many events planned for seniors to celebrate their final year of high school that we want to share with you. Please reach out to us over email or the phone as questions arise. And remember, PowerSchool is one of the ways that you have to view current information on how your student is performing in every class.

In our classroom this year, what occurs will affect your child's future; not only next year but for many years to come in whatever path they choose. Your child's time will be well spent. He or she may even come home exhausted from all of the thinking and work done during the day. Every minute will count.

Thank you for taking the time to read this letter and attached to this letter you will find the materials for each of the courses your child will need this year. Again, we are looking forward to meeting and speaking with you in the near future. We wish you well!

Your 12th Grade Education Team
